Subject: Qualified Accrediting Agency - FCCPSA

Dr. Daniel,

A committee of college registrars reviewed the documentation you provided for the Florida Coalition of Christian Private Schools Association, Inc. (FCCPSA) to serve as a qualified accrediting agency. The committee has added FCCPSA as an acceptable accrediting body. Schools accredited by FCCPSA will be added to the accepted list of high schools. Each high school FCCPSA accredits will be responsible for ensuring the FCCPSA accreditation is listed on their transcript.

The committee will need an updated list of all high schools accredited by FCCPSA. This list should only include schools that have been granted full accreditation and not those schools that are in the application phase or were denied. The list should be submitted as a spreadsheet and include the school name, address, city and phone number. Please send me this list as soon as possible and I will forward it to the committee.

Please contact me with additional questions or concerns.

Sincerely,
Cassandra Brown
